# They Laughed When I Said This **System** Will Make Anybody Rich... But When I Started Buying All What Money Can Buy They Begged Me For My **Secret!**

Dear Newbie,

For the past couple of years, I've been keenly and actively looking for real ways to make money online, forever examining all kinds of so-called money-making opportunities.

Most of them look good on the surface but turn out to be scams or masses of hard work for little benefit.

I was desperate.

Then, out of the blue, came an amazing system. Something so different, so outstanding, I could hardly believe it was true.

I had to try it for myself. And I am so, so glad I did!

It all started when I downloaded the FREE eBook '*Make Money Online For Newbies*'.

I read it and sent it to a few people... and bingo!! In a matter of minutes, orders started to come in.

Yes, minutes!!

I couldn't believe my eyes. At that point, I remembered a quote from 'Think and Grow Rich' by Napoleon Hill:

*"When riches begin to come they come so quickly, in such great abundance, that one wonders where they have been hiding during all those lean years."*

I said to myself: "*This is it!*" and then, a minute later: "*It is so easy, I can't believe it. There has to be a catch!*"

I didn't stop searching and studying to find out if there was a catch or at least a 'secret'.

But the more I studied, the more exciting and promising it became.

I thought: "*This opportunity is a fantastic way to make money online... from just a few hours a week, without even leaving my home. It's unbelievable!*"

I Can Hardly Believe It Myself But It's TRUE...

Men and women, young and old all over the world and from all walks of life are gaining money at home with 'Make Money Online For Newbies'. You can too.

**If you want to make money, then downloading this free eBook is one of the best things you'll ever do.**

I've been involved in many opportunities online, and let me tell you one thing, I'd ever seen or experienced anything which came even close to this! **No way!**

**And here is the best part.**

With just a few dollars and the full knowledge and understanding of this amazing method, you, yourself, can start from scratch, with your very own means of carving out a mass of wealth for yourself and your family.

And it will get bigger and bigger, year after year.

This eBook will prove it!

It is so irresistible that, quite frankly, you'd be a darned fool to pass it up!

It doesn't require '*capital*'. This is really affordable. I started out broke and in debt but, thanks to this amazing system, I now have all I need and desire.

It doesn't require '*luck*'. I have had more than my share of it. But I'm not promising that you will make as much money as I have – you may do better!!

It doesn't require '*talent*'. Just enough brain to APPLY the system by following the baby steps laid out for you.

It doesn't require 'experience'. All the work is already done for you. We invested time and money to make sure this system will work for you so you'll be ready to get going straight away.

## **We don't live to work – we work to live.**

And if we can live without hard work, we've got ourselves a true ideal.

I remember an old wise man telling me: "*Most people are too busy earning a living to make any money*".

Don't take as long as I did to find out he was right.

Time is money and wasting one means you're wasting the other.

How will you feel in years to come when you're still struggling to make ends meet or grinding away at your dreary 9 to 5 job?

"If only..." is what you'll find yourself saying.

*But who ever heard of an Internet Marketer making \$1,000s online – and enjoying his 4 hour a week work at home?*

It is your right to be skeptical.

After all, what I'm saying is probably contrary to what you've heard from your friends, your family, your teachers and maybe everyone you know.

But let me ask you a question: "*How many of them are millionaires?*"

## **How's this for a proposition?**

Make as much money as you want and still have something even more important, so important that it's priceless – FREEDOM!

Just read this free eBook – at my expense – and APPLY the most amazing money-making system in existence.

All I ask is that you read on and use your own judgment to see the outstanding benefits for yourself.

## **An incredible 101 sources of income**

Imagine making thousands of dollars 24/7. All on an autopilot basis so you won't have any hassle or worry. And that's not all. You'll also get 101 instant sources of income...

This is the best guarantee I can give: 101 streams of income set on autopilot for you.

You need to understand one thing at this point, just one thing:

**SYSTEMS work, PEOPLE fail... It's that simple!!**

And This System Will Make You \$1,000s Daily On Autopilot...

If You Use It You Will Achieve Financial Freedom! Period!

## Let's Get Started

First of all, I want to thank you for downloading my free eBook 'Make Money Online for Newbies'.

But you might say:

*"Why on earth are you giving me this eBook for free?"*

As humans, we are funny. We turn down or devalue anything that is free. And we place much more value on anything of high financial cost.

However, what we've got for free (our brains, our bodies, our ideas, our imaginations, our parents and loved ones, our country, our language etc.) are all so valuable, they're priceless.

While all that money can buy can be replaced.

## **Think about it.**

So if this eBook is free, maybe it's because the information it contains is priceless.

A second thing which is funny with us humans is that we believe that making money should be a chore.

*"Come on, you have to work hard if you want to become a millionaire!"*

Most of us have had this drilled into our heads.

But what's to say it's true?

If you're looking for a step-by-step guide to earning easy cash, you're in the right place!

I will show you how to get started with an instant, simple, autopilot system that will earn you money while you're sleeping, dining or sitting on a beach in the middle of nowhere.

- It's not about who you know.
- It's not about what you know.
- It's not about programming.
- It's not about skills.
- It's not about hard work.
- It's not about education or intelligence.

It's purely about a self-contained 'system', the simplest system you'll ever find on the Internet.

As soon as you've read this book, you'll be able to see yourself coining in those \$1,000s, knowing how overwhelmingly effective this system is.

## **What makes it so special?**

Every other site and 'Internet Marketing Guru' out there insist that you pay them BEFORE they will let you in on their 'secret'.

## **What does that tell you?**

For me, it's a clear indication that what they're offering just isn't all it's cracked up to be.

If they're confident of their scheme, why don't they let you try it first to find out for yourself?

We, however, are not interested in playing silly deceitful games. We want you to feel the full experience today!

I ask just one thing of you...

**PLEASE, PLEASE read this eBook from cover to cover right now.**

Because I don't think you'll fully appreciate how powerful this system is until you get to the end.

**I've created this income opportunity in a very special way.**

At no point will you ever need:

- To have your own website!
- To find a product to sell!
- To join any program!
- To become an affiliate of anything!
- To directly communicate with anyone!
- To share any of the money you make (You keep 100% every time)!
- To give refunds (There's no such thing with this system)!
- Learn anything new (Even a brainless clown could do this)!

Oh and, by the way, this is not:

- A gifting program!
- A HYIP!
- A Pyramid scheme!
- MLM!
- Network Marketing!
- An Affiliate program!
- A 2 up or 1 up program or any of that other garbage you see so often!

**I've got your attention now, haven't I?**

If so, let's get straight to the point.

**Let me show you how you can make money every day for the rest of your life.**

Imagine if you had something in your possession that other people really wanted!

And I don't mean that they'd just quite like or had a slight interest in.

I mean something they REALLY wanted.

**That is the first magic ingredient of making money online; finding a "Hungry Crowd".**

**Here is what I have done.**

I've laid out exactly what this is all about and how to profit from it right NOW.

**Reading on really is all you need to do to get rich quick!**

I've put this together into a simple eBook. So easy to read and understand, you can finish it in 30 minutes and put it to use here and now!

Ready to Go! It's a 'Business in a Box', if you prefer.

**If it's hard work you want, this is NOT for you.**

There is no study or sweat here. All you have to do is follow the 'Baby Steps' and let this incredible system kick into action for YOU. And remember EVERYTHING you need is right here in this eBook.

I know it is hard to believe. It was for me too. And that's why I want you to see it, free, for yourself!

**You have NOTHING to lose and EVERYTHING to GAIN.**

Back To Basics

You'll have heard 'Internet Marketing Gurus' say you need to find your market – your 'hungry crowd' – to properly succeed online.

With my system, however, you've got more than a 'hungry crowd'; you have a 'starving crowd'!

Just imagine you had something every person on the planet craved.

You could make a fortune to retire on...

## **But I'd like you to completely forget the general concept of 'selling'.**

If you've ever tried any sort of online selling, you'll know how hard it is.

You may have the best product, the best website, the best pay plan, and even the highest traffic, but you'll still struggle to make money... you might not even break even.

The conversion rate is the key.

(Conversion is the number of sales made out of a given number of visitors to a website).

### **Did you know that even the Top Internet Marketers have conversion rates that are between 1% and 4%?**

That means that, for every 100 visitors to a site, only 1-4 people actually end up making a purchase.

Selling online in the normal manner is not a very effective way to make money. If you're a newbie, you can definitely forget it!

You'll be chasing the dream for the rest of your life and will never actually get there.

Knowing how hard it was for people to make money online, I decided to come up with something new.

I've created something that has turned the marketing world on its head:

**In my system, I give something away (for FREE) that nearly every person on the planet is interested in and, almost every time I give it away, I make money!**

And the good news for you is that you can use MY system for YOURSELF, so you can make that money too!

**You keep 100%!**

And it's not your own 'version' of my system, or a set of instructions you follow to 'copy' my system.

It is actually my system that is already set up and in place. You just jump on it and use it for yourself!

And you **NEVER** have to pay me any subscription or 'rent' for the use of my system.

*"Hi Alex, I have to tell you that your Make Money Online For Newbies product is excellent. I think if I had something like this when I was starting out it would have been, probably five years, more successful and more further ahead than I am today. And in fact to seeing it myself I got excited about using it myself.*

*I think it would be perfect for my [www.MoneyFromAir.com](http://www.MoneyFromAir.com) membership site where people... I give them... I'm just looking for exactly this kind of offer where they can buy once and then make money over and over again in any time. I always tell people that any time they can buy something and turn around their money in just from their first sale that's a fantastic offer.*

*So I am really excited to put this out there right away and I think it will help a lot of people. Congratulations on such a great job with your product."*

**David Steinfeld from Venice Beach, California wrote:**

*"When I first read your strategy, I simply couldn't get my head around how it could possibly work. It just seemed like a gimmick. But then the final twist at the end was like a light switch going on in my brain. It's pure genius. I can't believe no one's ever thought of this before. This is quite probably the best idea I've ever seen anywhere on the net."*

Now, of course, you're not stupid and I'm not going to treat you like a fool.

You know that if you're going to make money, you have to sell 'something' – a product or a service of some kind.

But hear me out!

This is nothing like you're expecting, and even if you think you know what's coming...

**You don't!**

Even though my system gives something away for free, it is also selling something (It has to if it's going to make money, right?).

But this is not your average marketing. So good is this, the conversion rates are up to 90% and sometimes even higher!

**Just think about that for a second.**

Virtually every single person who takes what I initially give out for free almost always ends up buying what I'm selling.

And remember that just about everyone wants what I offer; they're literally queuing up to get it.

**And I have one key ingredient that no one else has.**

Others are merely selling their product and, as a result, they only manage to make between 1 and 4 sales for every 100 people they present it to.

Not very good, is it?

I, on the other hand, have added something extra! I've made them an offer they can't refuse.

**This is the second magic ingredient to making money online.**

**Make an offer so irresistible that almost no one can refuse.**

And you – yes, you – are going to be the one who benefits and profits 100% because of the incentive in my scheme!

**I get nothing extra!**

*"Hi, this is John Chamness from <http://www.wealthinnovationsnetwork.com> one of the leading home-businesses on the internet today.*

*I've been involved in online businesses for several years now and I know what it takes to make money online. However, I see a new trend developing in the internet business field, that trend is to provide people with everything they'll need, up front, to be successful with their own online business... and Alex's program is on the cutting edge.*

*I've enjoyed working with Alex in the past and I can tell that he does what he says. This should be a no brainer for you... If you want to make money quickly and consistently with your own online business, then this is the best place to start!*

*Take it from me, even if you have absolutely no business experience whatsoever, there's nothing easier or more powerful than giving something away for free to generate confidence, security and loyalty in an expanding customer base... this is the program for you!"*

*"I'm having to completely re-think what I know about internet money making after reading your techniques. I thought I knew how to make money online, but I've never seen anything as easy as what you've just shown me. I think it would be a bit of an understatement to say you were using a revolutionary technique that I certainly have never heard of or seen before."*

**Sylvia Perezova from Ottawa, Canada wrote:**

*"The final twist at the end was a stroke of genius. I nearly choked on my coffee when I read it. I thought I knew what was coming. I thought you were just trying to sell me something that would help me with my marketing, so I never expected what you finally offered me. Brilliant!"*

**Alfred Winehouse from Perth, Australia wrote:**

*"I think I love you and hate you at the same time. I love you because this is just an incredible idea that would never have even entered my head in a million years. You've just shown me what I believe to be the most effective method for generating an online income ever. And I hate you because I wish I had thought of it before you, lol."*

The Magic Is In This **FREE** eBook!

Now, if I just tried to sell this amazing 101 Website Package from a website like everyone else is doing, I would get the same results: between 1 and 4% sales.

But I've flipped the situation on its head.

Instead of having sales from only 1–4% of people who see my offer...

...I now have days where only 1–4% of people walk away and don't buy from me.

And I've achieved all this without ever 'trying' to sell anything, avoiding time-consuming and costly promotion.

- I haven't got a fantastic sales letter written by an expert copywriter.
- I haven't got a series of world class follow-up emails that convert record numbers of people.
- I haven't got the most effective advertizing campaign.

**What I have got is an incredible incentive that convinces almost every person I show this to, that only a fool would pass this purchase up.**

It's an incentive that makes every sale almost a foregone conclusion.

It's an incentive that means my computer becomes almost like my own personal ATM, that I can withdraw money from whenever I want.

***Brian Gilbert from New York, USA wrote:***

*"I kept thinking to myself, "What could he possibly be going to offer me that's so great?" When I read it I was genuinely in shock. So simple yet so brilliant. It's such a sure fire way to make easy money. Virtually every single person I give this to will end up paying me. I've never seen anything so predictable at putting money in my account."*

Now, before I reveal the final twist, I want you to imagine that this system I have described is not mine...

**It's YOURS!**

Let me tell you what my system is.

And remember:

**THIS IS NOT THE FINAL TWIST!**

**YOU HAVE TO KEEP READING!**

- I give away something for free that every person on the planet is interested in.
- I give away an eBook that explains a system that shows people how they can make easy money... **THIS** eBook.

**The one you're reading right now.**

You wanted to find out for free how you could make easy money, so you downloaded this book without hesitation... **and that's exactly what everyone else does.**

(Don't walk away thinking this is just a big con; you haven't heard the whole story yet!)

And in this free eBook, I promote and sell a product. And the product is an incredible package of 101 websites.

**BUT the clever part is I manage to sell this product to almost every person who reads this eBook.**

Yes, that even includes you.

In fact, I can almost **guarantee** that you will buy the product being sold here, and so will practically everyone else who reads this!

I know what you're thinking, but stay with me because here comes the best part....

I know you're thinking: "*Make Money Online is for Internet Marketers; they're not regular people like me.*"

But you couldn't be more wrong... Remember the Make Money Online For Newbies System is so simple and down-to-earth that anybody can get involved in it. And that's our goal.

*Think back to a time when you were a child, maybe when you were playing outside with friends or just sitting at your desk in a school classroom... and something tremendously exciting happened. Something you'd never seen before and something you'd learned something truly fascinating from. The wonder and astonishment you felt was so great it left you in awe.*

*You couldn't wait to run home and tell your mother all about it...*

*Yet, when you got there... you were so breathless and your enthusiasm was so great that you just blurted out the story without realizing how difficult it was for your mother to understand you.*

Well, that's exactly how I feel now in trying to impart to you my discovery of the ultimate method for generating genuine wealth online. So remarkable and unique an idea it is that I sincerely believe instant wealth will come to anyone who implements this easy, legal and extraordinary scheme.

## **The Final Twist!**

When people hit the **payment button** and buy the product from this eBook, it's not my payment button...

### **IT'S YOURS!**

People will visit YOUR website (we'll build exactly the same for you), and download this same eBook; but it won't be mine, **it'll be yours.**

When they decide (like they always do) to buy the product, every cent they pay will go directly to you.

I won't get a single cent at any stage; it all goes to you.

Did I just hear your brain go CLUNK!!!!?

***It was at this point that Julie DiMarco from Austin, Texas wrote:***

*"When I saw this I literally rushed for the Payment button at the end so I could make my purchase. I'd never seen anything with so much potential in my life. What you've done is just unthinkable. And therein lays the real secret to why this is so powerful".*

## **And that's not all.**

When you buy the product from this eBook, you'll get something else thrown in as an added FREE bonus – the incentive that convinces almost every reader of this book to make a purchase!

You'll get the right to resell the product as if it were your own, using the exact same website we'll build for you and this free eBook.

All you need to do is put your PayPal email address in to a simple form and click "submit".

When you do that, the system will automatically replace my payment button with yours.

From then on, whenever someone downloads your 'copy' of this eBook, **you'll be the one they buy the product from.**

You keep every single cent, and I get absolutely nothing!

See how the system is simply passed on to you?

- I set up the website.
- I wrote the eBook.
- I put together the 101 website package (plus 7 bonuses).
- But now you are making the money from it.

**So almost everyone who reads this buys.**

**Why wouldn't they?**

But now they can either buy from my payment link or yours...

Opening up this host of money-earning opportunities is precisely why it generates up to **90%** conversion sales rates.

Simple but effective!

This genuinely is a business handed to you on a plate.

I know you're probably a bit shell-shocked and confused right now. You can see this sounds amazing, but it just seems too good to be true.

I was the same; if something appeared too good to be true, I normally thought it was.

But, believe me, this is 100% real and proven.

*"What's in it for me?"*

**Exactly the same as for you!**

Obviously, by adding this money-grabbing incentive to the product, I have encouraged far more people to buy than normally would have, so I have increased my own sales up to 90%.

And the same can happen for you...

**We're completely equal.**

But why is this so popular?

Why are so many people prepared to buy this product?

Just think about this for a second.

You will be giving away a **FREE** eBook that tells people how they can make money online without the need for a website, without

having to share any of the money they make, and without ever having to give refunds.

*"Who wouldn't be interested in reading a free eBook that does all that?"*

You'll be able to give this away to just about anyone and everyone with ease.

Almost everyone who sees my site downloads the eBook

(You did, didn't you?)

And almost everyone who reads the book wants to buy the product because they get **their own payment link to receive money** straight into their account.

So virtually every time you give this away for free, you will end up making a sale of the product.

Everyone who reads this can see the same potential and that's what makes it so effective.

It's awesomely powerful in the way it makes money.

A long line of money-makers has just sprung up!

People also know that with just **one sale** they will make their money back completely, which makes this a practically risk-free opportunity too good to miss out on!

**There's no waiting around to recoup the costs.**

"I'm a total dunce; is this complicated?"

"What do I have to do?"

**It's **soooooo** simple.**

- First you buy the product by clicking the 'Payment' link at the end of this section of the book.
- You'll then get redirected to the download page where you can get your new product (the 101 Website Package) and 7 Bonuses.
- On the download page there is a form with just one field in it. It asks you to enter your PayPal email address and click 'submit'.
- Once you click 'submit', the system will automatically insert your address in to the payment details in the eBook and give you a unique link to receive payment.

Now, every time someone clicks that link, they will be sent to your website homepage (just like where you got this eBook from) but instead of downloading my eBook, **they'll download yours.**

**It looks identical to this one, but it will have your Payment button in it.**

Then you just give people your link and send them to the site to download the book.

You can do this in any way you like. E.g.:

- Include your link as a signature line in your emails.
- Offer it to people as an incentive to join your mailing list.
- Give it as a free gift for other promotions you're doing... etc.
- Any other way you can think of!

## *"What is PayPal and how do I open an account with them?"*

PayPal is a very simple online payment processor used for selling things online from websites.

To open an account with them, just visit their website ([www.PayPal.com](http://www.PayPal.com)) and 'sign up'.

You will need a free personal premier account.

When you join [MakeMoneyOnlineForNewbies](#), you can add your PayPal link and I replace my button with yours.

*"So I don't need to change the eBook myself or upload anything to a website"*

Absolutely not! We'll do it for you. It's all already there, ready for you right now.

You don't need a website or anything else – just the PayPal link I described above.

There's absolutely no personal rebranding or uploading of anything.

Everything is done for you.

*"Are there any other 'hidden' costs you ask of me once I buy this"*

No, this is a one-off payment.

I haven't hidden anything from you.

**You're buying a Package of 101 Websites that you can resell.**

By purchasing the product you automatically acquire Full Resell Rights for each of the 101 websites.

Or you can use these professionally designed websites for your own business.

The opportunity to insert your own payment button and resell the package using my site and this eBook is a FREE bonus thrown in for nothing.

*"Will I ever have to give refunds to people who buy from my book?"*

No, there are no refunds from purchases of this product so you'll never have to worry that someone will come to you and ask for their money back.

The product on sale is a collection of digital information websites.

As soon as the customer downloads it, it's impossible to return in an unused condition.

Therefore, everyone who buys the package agrees that they cannot request a refund.

All sales are final, which means you always keep every cent.

*"What if someone has a problem with the download of the software package?"*

Don't worry; they'll never contact you.

I deal with all the customer support issues for you.

I give out my email address to all customers on the download page, so they'll come straight to me if they ever have any problems.

*"Let's get to the point: How much is it?"*

You are getting **101** websites with this package (plus this eBook and 7 incredible bonuses).

So let me ask you a question.

If you hired a programmer, a web designer and a copywriter to work for you and had a great deal, a real bargain: how much would they charge you for each and every website?

\$47 each? (That's a total of \$4,747)

\$37 each? (That's a total of \$3,737)

\$27 each? (That's a total of \$2,727)

\$17 each? (That's a total of \$1,717)

\$7 each? (That's a total of \$707)

\$1 each? (That's a total of \$101)

Wait a minute...

**Can you believe it?**

**\$0.26 per website**

***(YES! Less than 50 cents)***

**(That's ONLY \$27 for the whole Package of 101 Websites).**

*"Price is what you pay. Value is what you get." -Warren Buffet.*

**"Why are you charging only \$0.26 a site?"**

*First, this is an introductory price and it can be changed without notice.*

People won't think twice about paying such an amount if they're serious about making money online.

They'd go straight to the Payment button.

The second thing is that \$27 is an exciting amount to receive...

Do the math. If you had just 3 or 4 sales a day, (Hey, there are millions out there looking for a smart way to make money online!!!) that's almost \$3,000 a month, doing what you love... and loving what you do.

People won't debate about a ONE TIME Investment of \$27... It's a no brainer! Besides of that when they think about receiving UNLIMITED PAYMENTS OF \$27... they get all EXCITED! And they go for it! **It's that simple!**

### "Do I get Free Resell Rights to these sites?"

Yes! Each one of them comes with FULL Resell Rights. You can put your name on the sales letter as if you were the writer or the creator of each and every site.

In fact, the majority of the sites come with what we call **Private Label Rights**.

The rest of the sites come with what we call **Master Resell Rights**. (Please make sure to read the Licence Terms each time).

### "What if someone has a question about the system or how it works?"

This is one of the best parts for you. They'll never email you with any questions... they come straight to me, as I said, and I do all the answering for you. I'll actually do my best to close the sale on your behalf.

I'll do the work and you'll make the money.

### "I don't really understand how to sell a product or set up an order page and collect money!"

It seems you've not been paying attention.

All you do is give out a link.

(Your Own Version of [www.MakeMoneyOnlineForNewbies.com](http://www.MakeMoneyOnlineForNewbies.com))

Now people can download your 'copy' of this eBook.

Everything else takes care of itself.

You have no involvement in order processing or any communication with customers.

PayPal will simply send you an email when people buy the package and will put the \$27 in your account.

### *"So how long will it take me to set this up?"*

From hitting that payment button to creating your new link will be about 5 minutes.

### *"You must be some sort of con artist or scammer. There's no way anyone would set something like this up unless there was something in it for them. What are you up to?"*

I'm not up to anything. I promise you there are no catches and no strings. This is absolutely genuine.

Just read the book again and check. I truly believe that I can offer something special and unique to help people make money.

I suppose what I do get out of it is a reputation as a genuine and honest guy who can be trusted.

Financially, though, I get nothing!

"So let me get this right.

I can just add my PayPal address to your button, you still do all the customer care, after sales service and answer all questions personally, and I get the money from the sales? You get nothing?"

**Yes that's right! 100% spot on!**

"Are you completely crazy?"

I don't think so. I just believe what goes around comes around. I'm hopefully going to get a name for myself as an honest, trustworthy person who genuinely helps others and, one day, something good may come back to me and I will be rewarded for making such a genuine, unique and life-changing offer.

My name is Alex Mirabeau, by the way! But that's not very important. I want YOU to resell this package and not worry about me. Fame is not my goal! **My goal is to make YOU money!**

"OK, great! So your system is the easiest there is but I still have no idea how I would get people to my link in the first place."

You've got no concerns here either; I give you everything you need. After your purchase, I give you access to a huge tips, advice and tools page, set up especially to tell you how to give your link to people in the VIP-Members Private Area.

It has a list of dozens of sites and tools listed for you to use (and is growing daily), plus dozens of articles and prewritten email ads, text ads, solo ads etc., as well as banners for you to use.

I even describe my own personal strategy so you can do exactly the same as me and copy the tips I give you, giving you a taste of what works best for you.

You'll be making easy money in no time with the help of this page.

## "No way, I still can't believe this is real!"

OK, why don't you email me with your questions and see for yourself that there is a real person behind this idea?

My email is admin@MakeMoneyOnlineForNewbies.com

Better still, do some searches about me or this site on Google. If I were a scammer, there'd be pages of bad press from people who have had a bad experience with me.

I've got nothing to hide. I can only promise you this is for real, and I am genuine. I really hope you can accept that some people are just genuine and honest.

I'm sure you think of yourself as an honest person, so is it so hard to believe I may be just like you?

This really is the best thing I've ever seen.

## "I'm still in shock but I'm not going to waste another minute..."

### How do I get started?"

Simply click the payment button below.

As soon as you've made payment, you'll be redirected to my Thank You page, where you'll get everything you need.

You'll be done in 2 minutes.

**Rebecca Glass from London, England wrote:**

*"I think you've just created the perfect concept. I give away a free eBook that people are literally queuing up to get from me, and each time I give it away, I make \$27 without having to do another thing. As soon as I saw the idea I was thinking "where do I sign?"*

So that's about all there is to it.

**To summarize, though, this is what you need to do to make your fortune:**

- 2. Buy the incredible product at a total cost of just \$27.**
- 3. Input your PayPal Premier Account email address in the email field when you purchase.**
